

Top Ten Reasons To Use Special Needs at Sea

1. We carry a **broad range of special needs equipment to rent** – oxygen (concentrators, cylinder, and liquid), wheelchairs, scooters, power chairs, baby cribs and more – we support large sizes, too - over 700lbs.
2. **Competitive pricing** – accessible travel should also be accessible for your wallet. We do more for less.
3. **We deliver it to you** – we deliver to your cruise stateroom or hotel – we will even meet you at the airport if you need us.
4. We are your **one-stop source for special needs vacations** around the world – no more calling around each time you take a cruise out of a different port or each time you travel
5. Our **agents around the world** enable us to respond to emergencies at ports of call around the world, not just when you embark.
6. We thoroughly **clean and test all equipment before each rental** – you will not be held back by old or shoddy equipment.
7. We have many **years of experience** in meeting the special needs of your guests.
8. **We understand your needs** – we have helped write the special needs policy access manuals for several companies including cruise lines.
9. Our **24-hour bilingual hotline** can help resolve any difficulties you may experience during your trip.
10. **Special Needs at Sea works to meet special requests** – even if it isn't a standard item we will strive to meet all special requests.

CALL ONE OF EXPERT TRAVEL CONSULTANTS TODAY TO RESERVE THE SPECIAL NEEDS EQUIPMENT FOR YOUR NEXT CRUISE OR TRIP!

In my next “Off Your Rocker,” I’ll share an extraordinary and touching story and video of a young man and his young son, Marcus, who despite having multiple disabilities and confined to a wheelchair, have uncovered some helpful secrets on how to maximize the travel experience – and create wonderful memories through parent to child bonding through travel. Wait till you see it.
